### **Common Core State Standards-English Language Arts-Literacy, Speaking Listening, First Grade**

CCSS.ELA-Literacy.SL.1.5 Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.

#### **Focus**

Students listen to story using homophones and make text-to-text connections by matching selected homographs.

#### **Activation**

Introduce author Gene Barretta to students and share information about him from his website [www.genebarretta.com](http://www.genebarretta.com). Explain we will be reading a book written by Gene that tells us about words that are spelled the same, but have different meanings.

#### **Pre Reading Conversation:**

- Have you ever noticed words that sound the same, but are spelled differently and have different meanings?
- They have a special name, do you have any idea what that name could be?
- Can you give an example of a homophone?

#### **Post Reading Conversation:**

- After reading the book, do you know any homophones?
- Did the pictures in the book help you understand homophones? How?
- Did you notice that words could sound the same but look so different?
- Do you know any homophones?

### Lesson Ideas:

#### Matching Game-

- Prepare cards with written homophones, enough for one per student
- Create (teacher or together as a class) sentences using examples from the book that use the homophones correctly
- Read sentences, have students stand up when their homophone is read and reinforce by having students spell their homophone both ways

**Alternate Matching Game-**

- Prepare separate cards with a homophone sentence on each one using examples from the book
- Turn cards with sentence face down on table
- Students play a match game by selecting two cards, player keeps the cards if the homophones match

**Illustrate Homophones-**

- Pair students, give each pair a set of homophones, written on a card.
- Each student must illustrate their homophones, example:

- Students share their illustrations and classmates must figure out the homophone.
